Plan Type	Commercial Marine — Coastal
Renewal Cycle	12 month (next renewal: 15 January 2027)
Billing Address on File	Rockland Marine Yard — Net 30

COVERAGE SUMMARY

This summary describes the principal coverages included in your Hanover commercial marine policy. Complete terms, conditions and exclusions are set out in the policy contract on file. In the event of any conflict between this summary and the contract, the contract controls.

IN-YARD MAINTENANCE COVERAGE

Routine in-yard maintenance windows of up to seven (7) consecutive days are covered under the standard policy at no additional charge, provided the vessel is stored at a recognized boatyard or marina and the maintenance is in the ordinary course of off-season care, including but not limited to: haul-out, bottom cleaning, hull touch-up, winterization, routine engine service, through-hull inspection and drive-line service. Lay-up of more than seven (7) days requires a no-cost lay-up rider on request — contact the policy desk in advance of the planned lay-up.

SEA-TRIAL COVERAGE

Sea-trial within the vessel's home cruising grounds following routine service is covered as ordinary use. Trials outside the home cruising ground (e.g. delivery voyages, season-end transit beyond the home harbor's working area) require advance notice.

CLAIMS HANDLING

For any in-yard damage discovered during a covered maintenance window, notify the carrier within 72 hours of discovery and document with photos and a written statement from the yard. Claims may be initiated online at hanover.com/marine-claims or by phone at 1-800-628-0250.

WHAT IS NOT COVERED

Pre-existing damage discovered during haul-out is not covered. Modifications, upgrades, or owner-supplied parts installed by the yard at the owner's request are not covered unless explicitly endorsed. Loss of revenue during lay-up is not covered under this policy.

BILLING & RENEWAL

Standard premium is invoiced on a 12-month cycle. The current plan is paid through 31 December 2026. Renewal documentation will be sent in November 2026.
