

BULK TANK MEMBER AGREEMENT

SECTION 4 — BULK TANK STANDARDS AND HANDLING

- 4.1 Tank Temperature. Member shall maintain bulk tank temperature at 38°F or below within two (2) hours of completion of milking and at all times prior to pickup. The Co-operative reserves the right to reject a pickup in which the bulk tank temperature exceeds 45°F at any point measured by the
- 4.2 Component Sampling. The Co-operative shall draw a representative sample at each pickup for component testing (butterfat, protein, somatic cell, plate count). Component results shall be posted to the Member portal within 48 hours of pickup and shall form the basis for the next pay
- 4.3 Antibiotic Handling. Member shall divert from the bulk tank the milk of any animal under active antibiotic treatment or within the labeled withdrawal period of such treatment. Diversion shall occur prior to the subsequent scheduled pickup; notification of diversion shall be entered on the Member portal or communicated to dispatch in advance of pickup. Antibiotic residue detected at pickup or at the receiving plant shall be charged back to the Member in accordance with Schedule C (Penalties). Repeated violations shall constitute grounds for termination under § 9.2.
- 4.4 Inhibitor Testing. All loads shall be tested for inhibitors at the receiving plant prior to commingling. Member acknowledges that load-level testing is conducted post-pickup and that diversion responsibility rests with the Member, not the hauler.
- 4.5 Bulk Tank Stick Reading. In the event of a discrepancy between the Member's tank stick and the hauler's recorded weight, the hauler's weight shall be presumed correct absent documentation submitted to Member Services within five (5) business days.
- 4.6 Component Hold. The Co-operative may, at its discretion, place a hold on a load for additional testing where a component result falls outside historical norms. Member shall be notified.

SECTION 5 — SCHEDULING AND PICKUP

- 5.1 Pickup Schedule. Member's standing pickup is every Tuesday and Friday between 14:00 and 17:00 local. Schedule changes shall be communicated by Member Services 48 hours in advance.
- 5.2 Skip and Override. Member may request a pickup skip for sufficient cause via the portal. Three consecutive skips shall trigger a Member Services review.
