				Balance due on delivery	\$333.70

PAYMENT & TERMS Deposit: 50% at order placement. Posted via ACH on September 22, 2026 (Z-INV-2026-09-22). Balance due: Net on delivery of SKU ZBV-IBR-047. Cold-chain product non-returnable once seal is broken. Lead time: ~4-6 weeks from deposit clearance. Substitution: Equivalent 5-way MLV requires written approval of Dr. J. Whitfield, DVM (OR-VET-04188). Confirmation: Buyer confirms receiving window 48 hrs prior to ETA. Any revision to ETA or unit price is published to the Distributor Portal of record; email notification for this account is DISABLED at buyer's request (see footer).	ORDER NOTES Booster batch reserved for Henderson Ranch (47-head Angus, Tumalo OR). Per the clinic's Bovine IBR/BVD Protocol (Confluence BVAC-014), the booster window opens three (3) days after on-site receipt to allow quarantine and temperature equilibration. Cold-chain logger required on the package; any excursion outside 2-8°C voids the lot.
