Key figures

The rollout kicks off October 23, 2026. First cohort only at this point.

Staff representation alignment. 43 percent actual against a 40 percent target.

Suspension equity gap. Negative 9 percent actual against a negative 20 percent target.

Student voice council. 10 of 12 seats filled.

Community partnerships. 6 active, 2 in final agreement.

Recommended framing

Report progress honestly. Do not over claim the training figure. Do not commit to specific student outcome guarantees, which require institutional process rather than a briefing.
