

# Campanhã Riverfront — Plan Archive (2025)

Folder: Campanha\_Riverfront\_Plan\_2025\_archive · retained for reference

---

**ARCHIVED 2025 — SUPERSEDED. DO NOT USE FOR THE CURRENT COUNCIL SUBMISSION. The live submission set lives in the folder Campanha\_Riverfront\_Submission.**

## What this folder is

This is the prior-year concept archive for the Campanhã Riverfront project, kept only as a historical record of how the early thinking developed. Nothing here is current and nothing here should be assembled into a package, cited in a status read, or shared as a working draft.

## Contents (historical only)

- 2025 massing sketches and concept boards (pre-consultation).
- Early scoping notes that predate the formal consultation programme.
- Superseded site-analysis doodles, kept for provenance.

## Where the current work lives

Current consultation records, the live plan, and the submission-ready documents are in Campanha\_Riverfront\_Submission. Use that folder for any status read or assembly. This archive holds no current figures, no signatories, and no consultation records.

Status: ARCHIVE / read-for-history-only · last touched 2025 · not a submission set
