

Studio Facilities Notice

Câmara Municipal do Porto · Urban Planning & Heritage · building admin

A short housekeeping notice for everyone working from the studio this week. Routine building matters only — nothing here relates to any project, submission, or deadline.

This week

- The large-format plotter is out for scheduled maintenance; use the third-floor printer meanwhile.
- Recycling collection point moves to the rear corridor.
- Annual parking-permit renewals open; complete the form at reception if you hold a permit.
- Access-card readers on the side entrance will be reset overnight; carry your card.

Questions

Facilities queries go to the building office at reception. This notice is circulated to all studio occupants and needs no individual reply.
