

Atlantic Cities Partner Network

Monthly Bulletin · member mailing · no action required

Welcome to this month's network bulletin, shared with all member cities and their partner institutions. This is a general circulation; there is nothing here that requires a reply or a decision.

Around the network

- New members: two coastal municipalities joined the network this quarter.
- Webinar: 'Blue-green infrastructure in mid-size ports', open registration, recording to follow.
- Member spotlight: a riverfront daylighting scheme in a partner city, with photo essay.
- Call for case studies for the annual compendium (rolling, informational).

Housekeeping

You are receiving this because your institution is a partner-network member. It is a broadcast to the whole list, not addressed to any project. To change your preferences use the member portal. No co-funding figures, deadlines, or submission items are contained in this bulletin.
